Ubuntu is easy to install, free of viruses, and perfectly legal for laptops, desktops, and servers.

Ubuntu is community developed, commercially supported, and offers free maintenance updates after release. When the next version is released, you can upgrade to it for free.

Ubuntu is an operating system consisting of free and open source software. With Ubuntu you can read email, surf the web, create documents, spreadsheets, and more! Ubuntu gives you the power and flexibility for business, education, and home use.

This software is released for free public use under several licenses. It is provided without warranty, without even the implied warranty of merchantability, satisfactoriness or fitness for a particular use. See the license text included with each program for details. Source code for Ubuntu can be downloaded from archive.ubuntu.com or can be ordered from Canonical at the cost of the media and shipping.

Ubuntu, the Ubuntu logo and Canonical are registered trademarks of Canonical Ltd. All other trademarks are the property of their respective owners.

Pass it On!

This CD can be used to install Ubuntu on an unlimited number of PCs, desktops, laptops, and servers. So install it, enjoy it, and pass it on to your family, friends, and colleagues.

PASS IT ON!

This LoCo is a group of Ubuntu Linux enthusiasts. We promote Ubuntu because it is a friendly, free alternative to other operating systems.
