-------------------------	---

[Top](#)

Contributions-RL

Contributions in real life - a twitter-like update on what our members do to promote free/open source software by discussion or actions that can be documented only in real-life:

Loukas	Installed Ubuntu on 2 computers!
--------	----------------------------------

Sotiriou (sotloykas)	Persuaded about 10 people to try out Ubuntu through Parallels!
Constantinos Mikellides (constantinosm)	Sold 3 computers with Ubuntu installed!
	Installed Ubuntu on 2 computers!
George Hadjikyriacou (avr_freak)	Provides support, install and help to new linux users!

Contributions

Some projects that our members are contributing (includes events, coding, bug triaging/fixing, translations):

- **Events**

No events (to our knowledge) have been organised in March.

Organisation	--
Presentations	--
Helpers	--

- **Ubuntu/Debian-specific**

Savvas Radevic (medigeek)	Python 2.6 transition: eikazo , ensymble , fonttools , python-urwid , gapti , gdesklets , imgseek , capisuite(1,2) , gpixpod
	Other patches: bcel , software-properties-kde , bmpx
	Bug triaging .

- **Launchpad-hosted**
