

Landing page

Notes panel on the left, detail panel on the right.

If no notes is selected on the left panel, right panel displays an empty state.

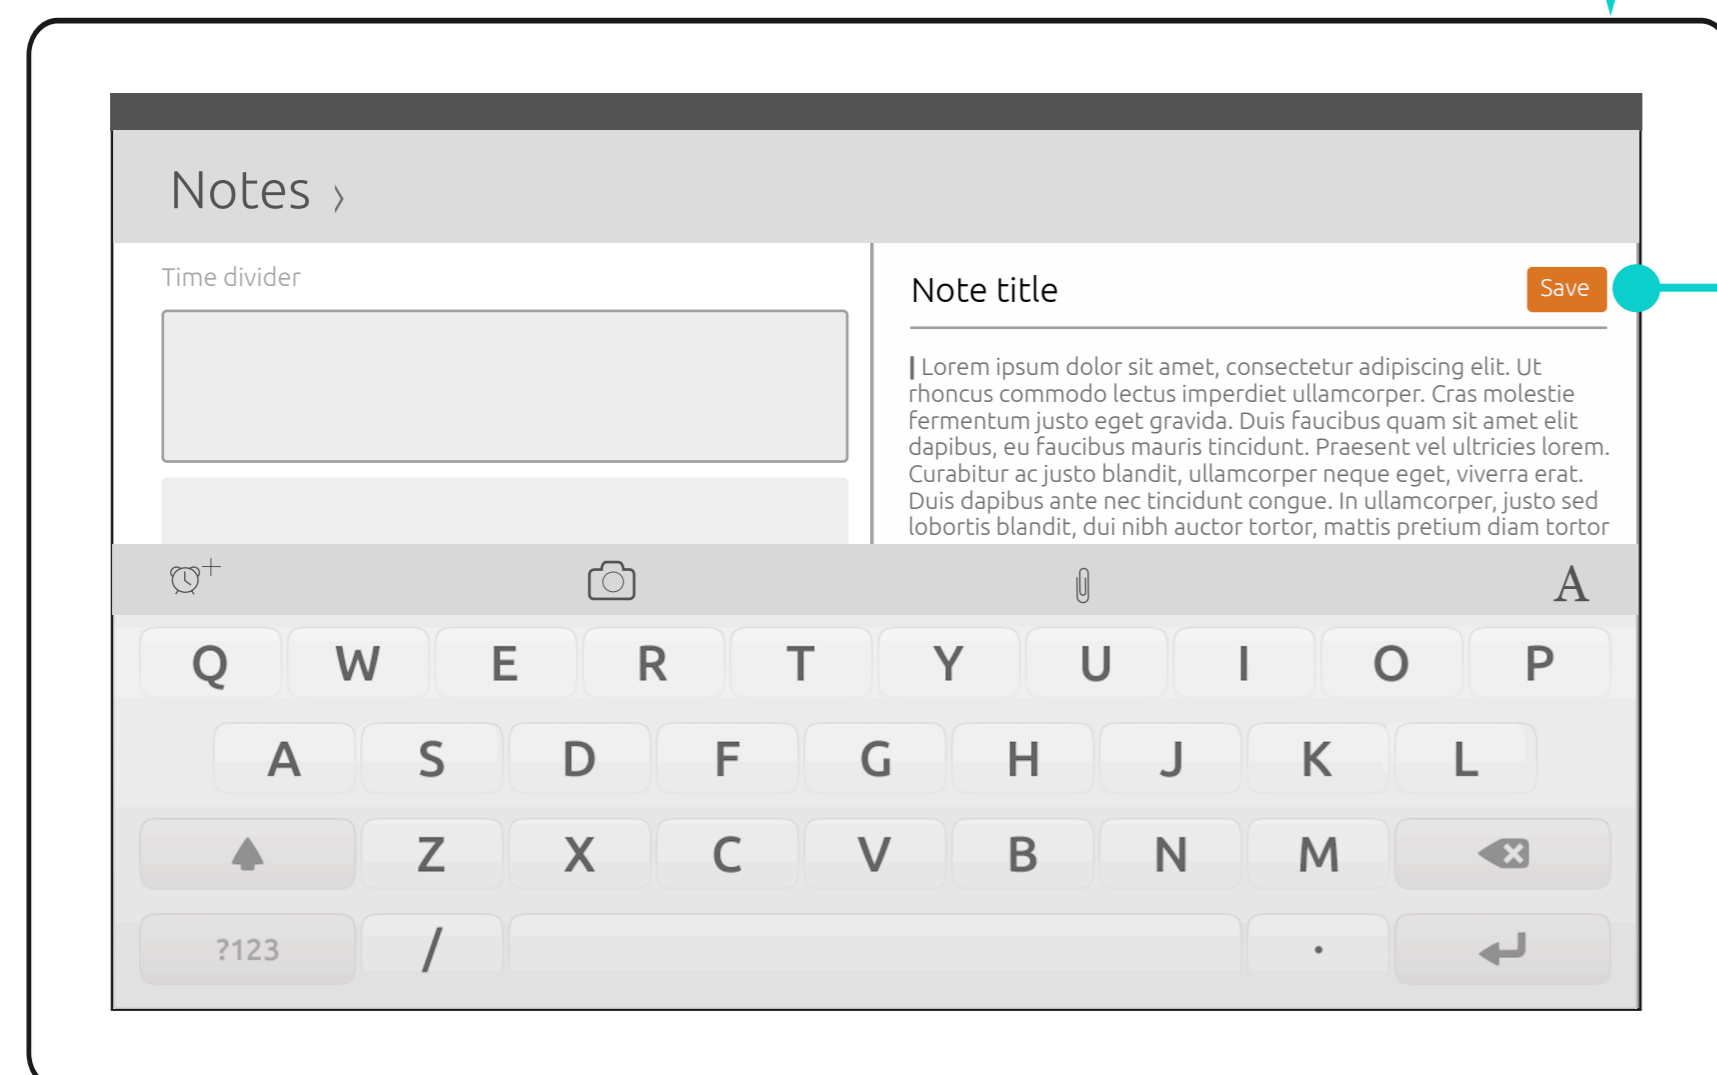

Toolbar is the same than on phone form factor.

Note detail (view mode)

Note panel display an inline header with the tools available on the note detailed note toolbar (phone form factor).

Toolbar at this level is still available, so users can create a new note anytime.

Note detail (edit mode)

When on edit mode, osk slides in with all the actions available for that note.
