Leandro Gómez

is a LoCo Council member and one of the ninjas in the Ubuntu Nicaragua LoCo. He contributes to translations, documentation, bug reports, patches, support, artwork, planning really cool community events, and the Debian project.

location: nicaragua

"How to Train Ninjas"

Learn how to motivate and inspire people and grow your community in the process. Some really simple tricks and tips that you can use to make your LoCo Team rock. Swords and daggers not included. (Session presented in Spanish).
